

Exec Cast is a full-service marketing agency based out of Brevard, North Carolina. Despite an ongoing pandemic, we've helped more businesses grow top line revenue, get more clients, and take their brands to new heights.

In short: We're Your Marketing Dream Team.

HOW WE HELP BUSINESSES GROW

As a business owner, you know how critical it is to regularly attract new clients and improve your bottom line. Without strategic marketing efforts, it's hard to know what's working and how it impacts your practice.

We work with clients to create long-term marketing assets that bring you more leads, more customers, and more recurring clients who will be clamoring to work with you.

We help our clients grow through a unique process that identifies and executes on the highest value marketing levers in your business, and never nickels and dimes you for different services.

At Exec Cast, we put our experience to work for you. Our founders have more than 40 years of experience in marketing and communications leadership, content creation, website and project management, team building, and improving operational efficiencies.

Our team has done a combined \$5+ million in paid advertising, generating substantial returns for clients, with our top campaigns seeing more than an 800% Return on Ad Spend. We've designed and implemented marketing plans that have led to a 46%+ year-over-year top line revenue growth for our clients and grown email lists by thousands of new leads.

WHERE COULD YOU USE HELP?

Do you want to grow your social media audience, or run digital funnels to get new leads (and more sales)? Do you want to get more referrals and 5-star reviews? Do you just want to have your business grow without you worrying what to do to make that happen? That's what we do!

We're the marketing partner you want beside you.
